Gnome Classic

This documentation is meant to educate the user on the basics of using the Gnome Classic desktop environment.

- Programs can be launched via the Applications menu located in the upper left-hand corner.
- Certain applications can be found in their respective categories located in the **Applications** menu. For example, Ansys is located in the Science, Engineering and Math Applications submenu.
To access your **Home** folder, navigate to the **Places** menu, located to the right of **Applications**. You may also quickly access the **Documents** and **Downloads** directory from this menu as well as any bookmarks.
• To log off, select your username in the upper right-hand of the screen and choose **Log Out.**
